

# Leukaemia UK

Blood cancer research and care

Dear Josephine

We hope you are well.

It has been another tough year for all of us, there is no doubt about it. But, thanks to your continued dedication and support, we have surpassed our fundraising targets once again and we are continuing our life-changing research.

Your commitment has helped us to fund:

- 5 new John Goldman Fellowships
- 169 2021 Helping Hand awards
- 900 patients receiving innovative treatments and cellular therapies since the start of the IMPACT Stem Cell Clinical Trials Initiative

You have also helped us continue to fund the revolutionary Mind & Body Project, Medical Research Council Clinical Fellowships and numerous project grants.

Whilst the people you help can't thank you themselves, from everyone here at Leukaemia UK, we would like to say a big thank you for your incredible support!

Wishing you all a safe and Merry Christmas and a happy year ahead.

The Leukaemia UK team
